NEWSLETTER 2017

Dear fellow academicians,
Dear colleagues, dear friends,

We are grateful to you all for being part of this Congress and joining us in the charming city of Pavia, where music, science, art and storytelling come together.

It was an honor to hold the scientific program at the University of Pavia, the center of culture and education.

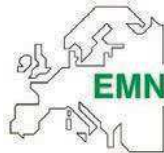

We address special thanks to our invited speakers for accepting our invitation to come and share their vast knowledge and experience, at the 22nd Annual Congress of EMN.

The outstanding social program was one to remember: a guided tour of Pavia discovering the adventures of Einstein, an 'aperitivo' including local wines in the city, a musical selection and a light dinner on the hills of the Oltrepo Pavese. Italy's old tradition of hospitality is known all over the world. We were pleased to discover the inimitable Italian lifestyle.

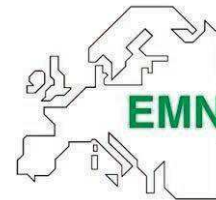

We look forward to seeing you again in 2018, at the 23rd EMN Congress which will be held in Pecs, Hungary!
