

Dear colleagues and friends,

I would like to express my gratitude for the valuable contributions you made to our EMN congress in Pecs which was excellently organized by Prof. András Büki.

It is only through the contribution of each participant that the scope of Cooperation, Science and Friendship to the benefit of the patient can be achieved in the spirit of EMN.

And I take this opportunity to also congratulate Prof. András Büki for being elected President of the Hungarian Neurosurgical Society and wish him all the best.

Fourteen invited speakers, from 11 countries, honored our invitation to the 23rd EMN Congress in Pecs.

We were pleased to welcome a new elected EMN member: Waldemar Kosziewski. Professor Alexandru Vlad Ciurea, Professor Zbigniew Czernicki received the distinction of Honorary Member of our Academy.

Klaus von Wild Honorary Lecture was held by Prof. Lars Hillered with the topic: “Translational Research on Traumatic Brain Injury- a 30- year Perspective”.
